### Abstract:

- Written in English language.
- Maximum 2,000 characters with spaces included.
- The abstract should describe the context and specific problem/topic of study, methods, main results, and conclusions in plain writing. There should be **no graphical material** or **references** included in the abstract.
- All text in the abstract should be written in font Arial, 11pts; single paragraph; full alignment. Italics should be used solely for Latin/scientific names of species. Authors of the scientific names of species should not be included after the Latin names. Please avoid overusing common names of species, to the extent possible.

**Keywords:** keyword1, keyword2, keyword3, keyword4, keyword5, keyword6 (Min.4-Max.6)
